Tell Them From Me Parent Survey

The survey takes around 15 minutes to complete. Parents with more than one child at the school may choose to complete the survey more than once, if they feel that their children's experiences differ. The parent survey will be open until Friday 25th October.

What does it ask?

The parent survey asks parents/carers a range of questions related to the following drivers of student outcomes:

Parents feel welcome	Parents are informed	Parents support learning at home	Parents' participation at school
School supports positive behaviour	Safety	Inclusion	School supports learning

More information about the survey is available at: <http://surveys.cese.nsw.gov.au>.
